

Client Relationship Summary
Aspen Wealth Strategies, LLC (CRD# 307424)

Introduction

Our firm, Aspen Wealth Strategies, LLC, is registered as an investment adviser with the U.S. Securities and Exchange Commission ("SEC"). Brokerage and investment advisory services and fees differ and it is important for you to understand these differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://www.investor.gov/crs), which also provides educational materials about broker-dealers, investment advisers, and investing.

Relationships and Services

What investment services and advice can you provide me?

Services: We offer investment advisory services to retail investors. These services include wealth management which is a combination of financial planning and investment management. We also offer investment management and financial planning as stand-alone services. We work closely with you to identify your investment goals and objectives, as well as risk tolerance and financial situation in order to develop an investment approach.

Accounts, Investments, and Monitoring: We provide services to individual, joint, retirement, trust and estate accounts. We primarily use mutual funds, exchange-traded funds, stocks, bonds, options, and alternative investments in constructing portfolios. We do not make available or offer advice with respect to only proprietary products or a limited menu of products or types of investments. As part of our standard wealth management services, we monitor portfolios and securities in accounts on a regular and continuous basis. We also meet with you at least annually. Additional formal, in-person meetings and reviews may occur more frequently, depending on your needs and service level engagement.

Investment Authority: We provide our services on a perpetual and discretionary basis. We execute investment recommendations in accordance with your investment objectives without your prior approval of each specific transaction. Our engagement will continue until you notify us otherwise in writing. We also offer our services on a non-discretionary basis, which means we are required to obtain your consent prior to executing any trades in your accounts. Therefore, you will make the ultimate decision regarding the purchase or sale of investments in your accounts. However, we may not be able to aggregate your order with other client orders under this type of authority and therefore you may not receive the same price as other clients.

Account Minimums & Other Requirements: We do not require an account or relationship size minimum in order for you to open/maintain an account or establish a relationship.

Additional Information: For more detailed information on our relationships and services, please see Item 4 – Advisory Services, Item 13 – Review of Accounts and Item 7 – Types of Clients of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

Fees, Costs, Conflicts, and Standard of Conduct

What fees will I pay?

Asset-Based Fees: Our asset-based fees for wealth management and investment management range from 0.25% to 1.60% annually based on a tiered schedule. Clients placed into certain model portfolios will be charged an annual rate that differs from the standard tiered schedule. The Aspen Rainy Day Portfolio will be charged an annual rate of 0.25% and the Aspen Municipal Bond Portfolio will be charged an annual rate of 0.40%. These fees are collected on a monthly basis and calculated as a percentage of the value of the cash and investments in your account[s] that we manage. This presents a conflict of interest as we are financially incentivized to encourage you to place more assets in your advisory account as you will ultimately pay more in advisory fees.

Hourly Fees: Our hourly fees for financial planning are at a rate of \$275 per hour. We collect fees in two separate installments. Hourly fees are negotiable based on the nature and complexity of the services to be provided and the overall relationship with us. We provide you with an estimate for total hours and overall costs prior to engaging us for these services.
